Nothing seen or heard by the IP who was unaware until she went out into the garden and saw holly on the floor and walked around the tree and found it missing

This **RACIALLY AGGRAVATED CRIMINAL DAMAGE** took place at **13:00:00** on **SATURDAY 10-DEC-2016** at **A449, HARTLEBURY, KIDDERMINSTER, WORCESTERSHIRE**

Victim has been driving northbound on a449 in his car with his 2 young children, when he has encountered a group of around 10 motorcycles and tricycles riding in convoy below the speed limit. Victim has attempted to overtake the convoy and has been blocked from doing so by a rider at the rear of the convoy. This has happened on 2 occasions when a second lane has allowed. The road has widened a 3rd time and the victim has made no attempt to overtake the convoy, however the riders have remained in lane 1.

Victim has performed overtake of convoy, but as road narrows to single lane convoy has accelerated to block his return to lane 1 forcing him onto hatched area of carriageway. Victim has driven ahead of convoy and continued journey. A short distance later 2 or 3 of convoy have accelerated to victim and manoeuvred such that he was surrounded front, right and behind by riders. The front riders have suddenly stopped causing victim to brake suddenly to a stop, surrounded by riders. A white male has alighted his tricycle from in front of victim's car and approached victims drivers door in an aggressive and abusive manner swearing and shouting at the victim. The male has punched the victims car windscreen causing it to shatter. He has then made comments similar to "YOU SHOULD GET AN ENGLISH DRIVING LICENCE" which the victim has interpreted as reference to the colour of his skin. The convoy has then left the scene at speed towards Kidderminster

This **THEFT** took place between **18:00:00** on **THURSDAY 15-DEC-2016** and **11:00:00** on **FRIDAY 16-DEC-2016** at **NORCHARD FARM, NORCHARD, CROSSWAY GREEN, STOURPORT ON SEVERN**

Between the material times, unknown offender(s) has approached and entered a rural field rented by the victim. Has then removed and stolen a portalo. Tracks revealed that it had been dragged across about 100 yards in the field and over a low perimeter hedge

This **BURGLARY DWELLING** took place between **05:30:00** on **TUESDAY 20-DEC-2016** and **05:32:00** on **TUESDAY 20-DEC-2016** at **SOUTHALL DR, HARTLEBURY, KIDDERMINSTER**

The offence location is a large detached property which is accessed to the rear by a gate to the left hand side of the address. The point of entry is the double glazed kitchen window at the rear of the address. Between times stated suspects unknown have disconnected light sensors on the front of the property and down the pathway leading to the rear of the address. They have also disconnected a battery pack attached to a Porsche on the driveway at the front of the address. Unknown suspects have made their way to the rear of the property and smashed the rear kitchen window specifically in front of the sink area where IP's wallet containing debit and credit cards, driving licence, £30 cash and keys to the Porsche and a Black Audi A6 have been placed. Smashed with unknown implement but believed to be a sledgehammer recovered in subsequent crime of similar MO. They have then reached through grabbing the keys and wallet from behind the broken window. On hearing the smashed window the IP has awoken and looked outside. The Audi had been parked opposite the IP's address on another driveway where the property is temporarily vacant as owners of the address are on holiday. IP has noticed the lights of the Audi illuminate and unknown suspects drive the vehicle away from the location in the direction of the A449

This **BURGLARY DWELLING** took place at **05:40:00** on **TUESDAY 20-DEC-2016** at **BOLAS AV, HARTLEBURY, KIDDERMINSTER, WORCESTERSHIRE,**

At approximately 05:40 hours IP has heard a noise and has gone down stairs to discover his front door open and two males inside of his Mercedes. He has gone to the vehicle and has tried to open the passenger door at this the males have ran out and over to another vehicle an Audi S line Quat. This vehicle had been stolen 10 minutes prior to the attempt on the IP's Mercedes. Persons unknown have entered the property through the back gate and have gone into the detached garage. They have taken a sledge hammer and used this to smash the back patio kitchen door to gain entry to the property. They have

taken the keys and IPs wallet off of the kitchen table and have made their escape through the front door. The suspects were unable to get the car into drive and following being confronted by the IP they have ran off and driven away in the earlier stolen Audi taking with them the IPs car keys and wallet

This **THEFT OF PEDAL CYCLE** took place at **23:23:00** on **TUESDAY 20-DEC-2016** at **OLD WORCESTER RD, HARTLEBURY, KIDDERMINSTER**
At the time stated victim has become aware of people leaving his garden at the rear. He has run up the rear garden and the offenders were running towards the exit of the parking area. He has then gone to the front of his house where he has noted a white transit van, short wheel base with ladders on the top of the roof driving past his HA. The vehicle has headed in the direction of Kidderminster. It did pause for a short while for reasons unknown. Victim has then gone to the rear of his house where his vehicle is parked and driven as far as the bus terminus island in Kidderminster but found no trace of the transit van. The bike was not secured but leant against the fence in a small alley way towards the side of his house. Access to this alleyway is gated and the lock secured by a mortice lock. The rear gate which backs onto the parking area is of a similar construction but the mortice lock was not engaged, thus leaving the gate open.

Thank you
