

FC Meeting 3rd January 2017 at 6.30pm

Agenda Item 5

Our budgeted spend for 2017/18 is extremely tight. With that in mind I've been considering how our spend could be reduced and how we the Finance Committee could play a part.

For your kind consideration is the below:-

- A) To stop our quarterly meetings of the Finance Committee.
- B) To introduce monthly meeting, to take place half an hour before the main meeting of the Parish Council. Start time 6.30pm until 6.50pm.

If we were to consider the above change benefits could be:-

- A) Save our Clerks travelling expenses per mile (our Clerk would already be at the venue for the main meeting of the Parish Council.) This would save £26.00 per year based on current expenses.
- B) Save on room hire fees. This would generate saving of £120 per year.
- C) Improve our response time (monthly rather than every three months).

Thank you
